I would like to draw your attention to Orto-Fisiko Korsou because this is one of the most advanced companies talking about newest technologies and development in the orthotic and prosthetic field.

Miek and Thomas de Windt from Orto-Fisiko Korsou are dedicated to their work and are also caring for their patients.

In this field they offer individual and intelligent solutions to achieve the best results for their patients.

Miek and Thomas de Windt are always open for new ideas and will find also a solution for your problem.

With best regards

Wolfgang Neuhof
